For your patrons who desire *preferred* accommodations...

THE Orange Blossom Special

ALL-PULLMAN

BETWEEN NEW YORK AND MIAMI

Your own experience will tell you to select the Orange Blossom Special for Florida-bound patrons who request the *larger* types of private room accommodations.

They'll be delighted with the smart new appearance and complete refurbishing of the Blossom this season. They'll appreciate the smoother-riding comfort provided by additional mechanical refinements. Spacious lounge accommodations and tip-top dining car meals will make their trip to and from Florida doubly enjoyable.

The Orange Blossom carries through sleeping car between BOSTON and MIAMI daily.

L.C.L. FREIGHT: Pick-up and delivery service is offered to all shippers and receivers of freight in the Chicago Switching District in any quantity by trap car or by highway vehicle. This service includes daily connection with all through package cars via all road haul carriers at Chicago.

DOCKING FACILITIES: Private docks with private slips on the Calumet River at South Chicago, equipped to handle package freight, are available.

INDUSTRIAL DEVELOPMENT: Ideal industrial locations, served by rail and water transportation, are available. The Belt Railway Company of Chicago furnishes switching service to approximately 450 industries having private siding connections with it. A location on The Belt Railway Company of Chicago is equivalent to having a location on each trunk line entering Chicago.

THE FAMOUS CLEARING DISTRICT just outside Chicago city limits, served by The Belt Railway Company of Chicago, an industrial center with low ground values, low taxes and no zoning requirements, planned especially for factories and warehouses, offers unusual industrial opportunities.

INTERCHANGE SERVICE: The Belt Railway Company of Chicago has direct interchange with all trunk lines entering Chicago and interchanges cars with those trunk lines in outlying terminal yards, thereby avoiding downtown terminals.

REICING STATION AND LIVE STOCK FEED YARD FACILITIES LOCATED AT CLEARING.

Terminal Railroad Association of St. Louis

serves the industrial district of St. Louis and adjacent communities on both sides of the Mississippi River. It connects and interchanges traffic with all of the 25 railroads at St. Louis-East St. Louis; with the Federal Barge Line, Mississippi Valley Barge Line and the St. Louis National Stock Yards.

With its 53 steam and 82 diesel switchers, large capacity yards, nearly 400 miles of track, icing station, and trained personnel, it is adequately equipped to quickly handle freight traffic through the St. Louis gateway.

Hundreds of industries and firms are served directly from rails of the Terminal Railroad Association. A location on Terminal rails is equivalent to being served by everyone of the trunk line railroads serving St. Louis.

For a location on T.R.R.A. rails write or call on J. G. Dugan, Real Estate Officer, Union Station, St. Louis, Mo.

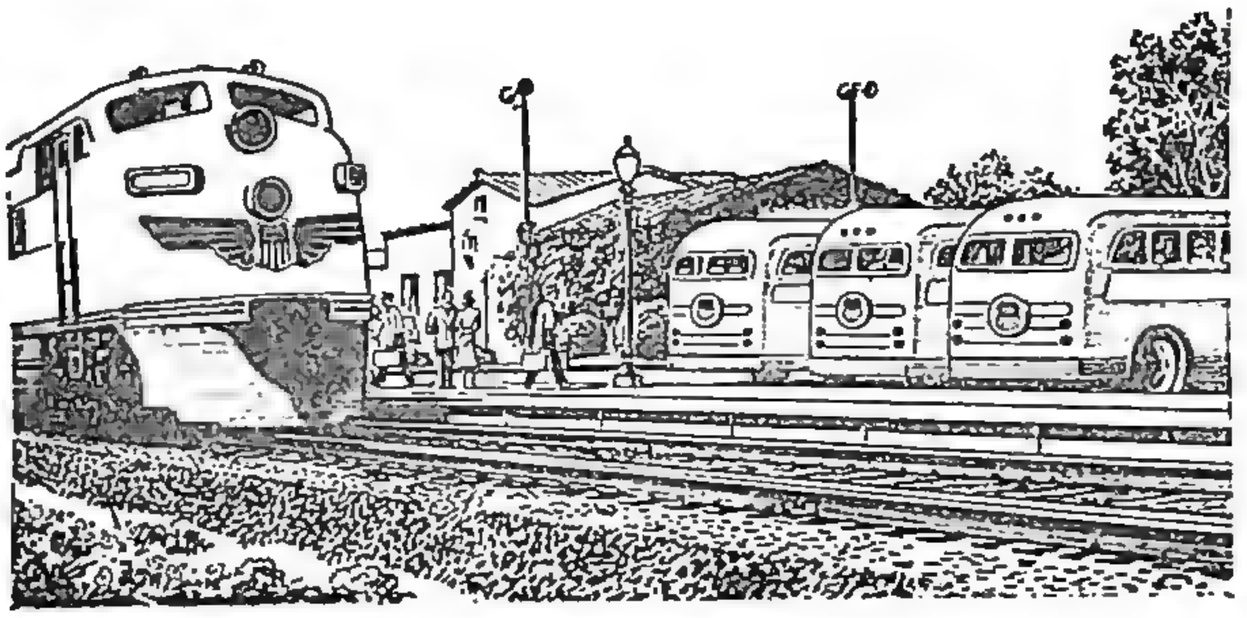
Convenient Time Saving Service...

TO AND FROM EAST LOS ANGELES STATION

for Southern California Passengers



Fast, modern Motor Coaches, operated specially as a Union Pacific service, take passengers from the East Los Angeles Station directly to Glendale, Pasadena, Alhambra, San Pedro, Long Beach, Anaheim, Fullerton, La Habra, Whittier, and intermediate points when ticketed for one of those points. There is no extra charge for this service, which includes baggage handling.

Eastbound passengers also may have this convenient service into East Los Angeles station, from any of these outlying points, thereby eliminating the trip to the downtown Los Angeles station.

This luxury Motor Coach service to and from East Los Angeles connects with all main line Union Pacific trains. For local schedules of all Motor Coaches, see Tables 88, 89, 91.

Map to right shows routes over which this convenient motor-coach service is operated.
